**Green certified innovative
modular interior systems**

Make in India

**Greenpro certified
by IGBC, CII**

**Economic Times
Award**

Manufacturers of largest number of **green certified** modular interior systems in India

IQUBX is
Manufacturers of largest number of
green certified modular interior
systems in India
with over 80 certifications. Most of the products are the only certified products in India in their respective categories.
All products certified by Indian Green Building Council, a CII body

Iqubx products can help in achieving following credit points

New Building (Commercial Buildings)

- BMR Credit 1 - Sustainable Building Materials (upto 4 Points)
- BMR Credit 4 - Use of Certified Green Building Materials, Products & Equipment (1 Point)
- IEQ Credit 5 - Low-emitting Materials (1 point)
-

In Green Homes (Residential Buildings)

- MR Credit 3 - Certified Green Products (1 point)
- MR Credit 4 - Local Materials (upto 2 points)
- RHW Credit 5 - Low VOC Materials, Paints & Adhesives (upto 1 point)

IQUBX has relevant certifications with government authorities and is a DIPP registered startup in India. We also have ISO certification.

GreenPro
Certification of Green Industry

GreenPro
CII-Green Products and Services Council
This certifies that **Baffle Ceiling System 1 (BFC01)** (CPIPS 1006) manufactured by **IQUBX Private Limited** at their plant in Delhi meets the requirements of GreenPro Certification and qualifies as a Green Product.
This certification is valid till **December 2018**

Department of Industrial Policy & Promotion
Ministry of Commerce & Industry
Government of India

CERTIFICATE OF RECOGNITION
Department of Industrial Policy and Promotion

This is to certify that **IQUBX PRIVATE LIMITED** incorporated/ registered as a **Private Limited Company** on **25-05-2017**, is recognized as a startup by the Department of Industrial Policy and Promotion.

Date of Issue: 03-12-2018
Place of Issue: New Delhi

The certificate shall only be valid for the entity:
- Up to seven years from the date of its incorporation/ registration; and
- If its turnover for any of the financial years since incorporation/ registration has not exceeded Rs. 25 crores.

Note:
- **Authorities accepting this Certificate may check its validity on the Startup India portal (<https://www.startupindia.gov.in/>)**
- This certificate is not the Certificate issued by the Inter-Ministerial Board and is NOT VALID for availing Tax benefits
- This is a system generated certificate and hence does not require physical signature
- If such recognition is found to have been obtained without uploading the relevant documents or on the basis of false information, DIPP reserves the right to revoke the recognition certificate immediately without any prior notice or reasons.

Otabu
Certificate of Registration

This is to certify that the **IQUBX PRIVATE LIMITED**
B-19, G7, Kiran Garden, Main Matiala Road, Uttam Nagar,
New Delhi-110069, India
has been assessed and Certified by Otabu Certification Limited
as meeting the requirements of

ISO 9001:2015
Quality Management System

For the following scope of activities:
"Design, Manufacturing and Tracking of Floor Trunking System, Floor Junction Box, Floor Recessed Systems, Wall Paneling, Skirting & Chair Rail, Glass Partition System, Modular Partition System and Raised Access Floor, Lighting System, BMS Systems and Other Modular Interior Systems"

Date of Registration: 20th July 2017
1st Surveillance Due: 19th July 2018
2nd Surveillance Due: 19th July 2019
Recertification due (subject to the company's performance): 19th July 2020

Certificate Number: 300200717
Validity of this certificate can be verified at www.otabucert.co.uk

Otabu Certification Limited (UK)
Validity of this Certificate is subject to Annual Surveillance audits done successfully
The Certificate is registered under the Property of Otabu Certification Limited and will be invalid otherwise
Small companies are welcome to apply. Website: www.otabucert.co.uk

With IQUBX modular partitions, that extra room or toilet in your stilt parking or garage can be created in just a couple of days.

You can have removable panels with finishes of stone, tile, laminate or plain paint.

With low budget and without violating the building byelaws, these modular partitions can be removed or relocated within a couple of hours.

They are truly temporary but with a feel of permanence.

Any customized size Very big size

We make ceiling trap doors of biggest sizes and deliver all over India; We make them as per customer sizes with minimum TAT

Unobtrusive

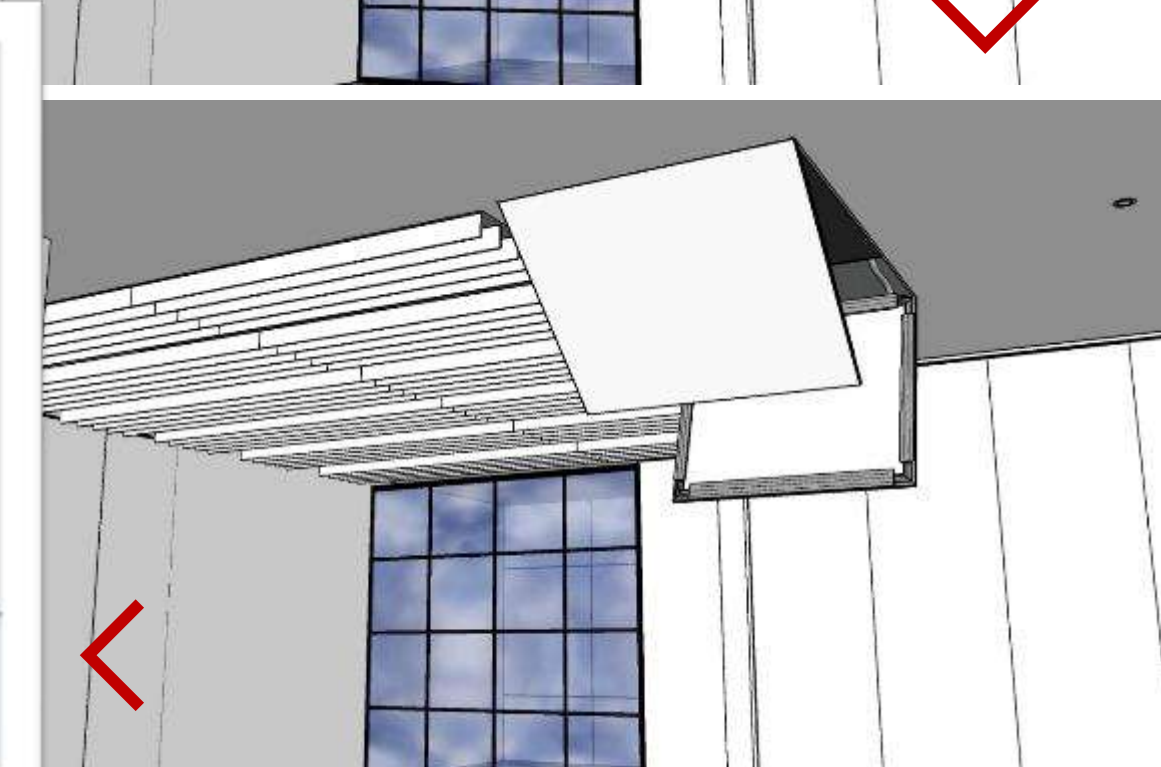

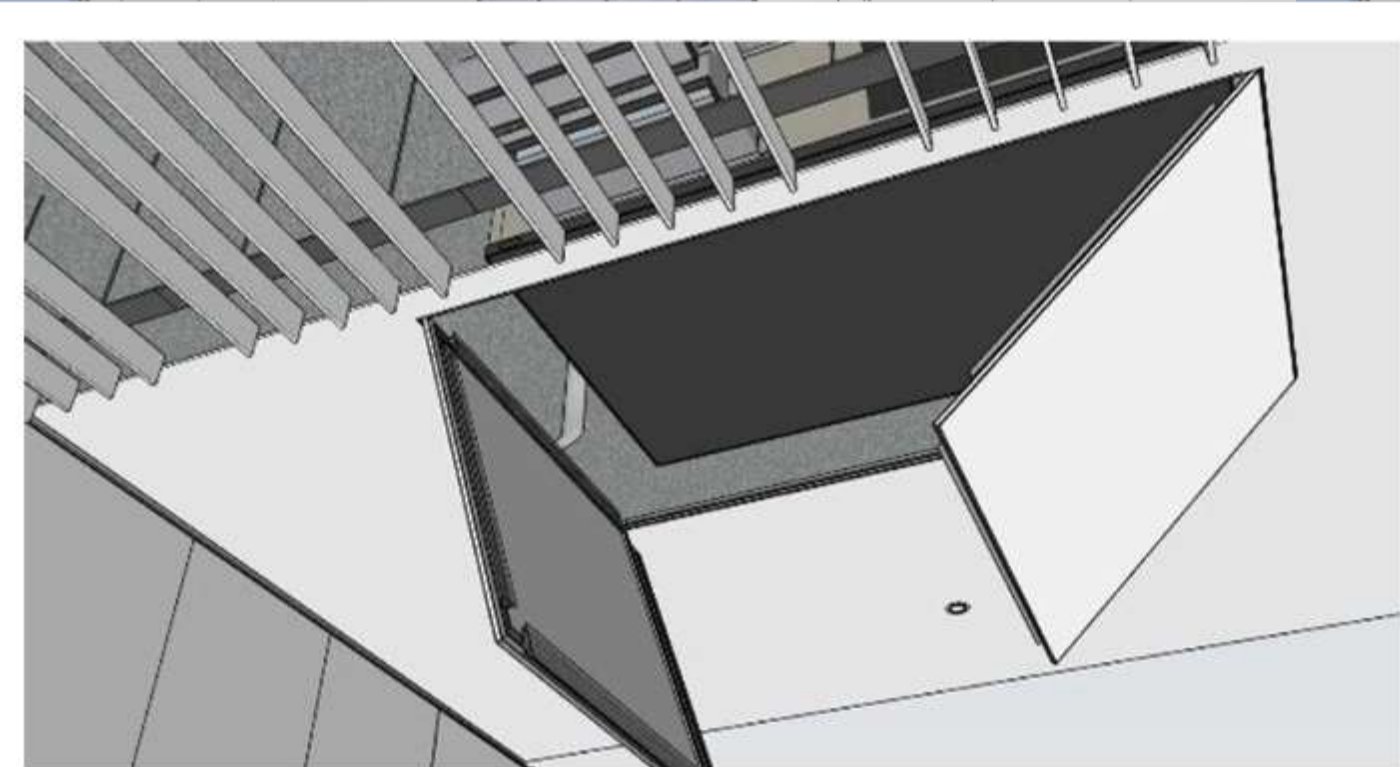

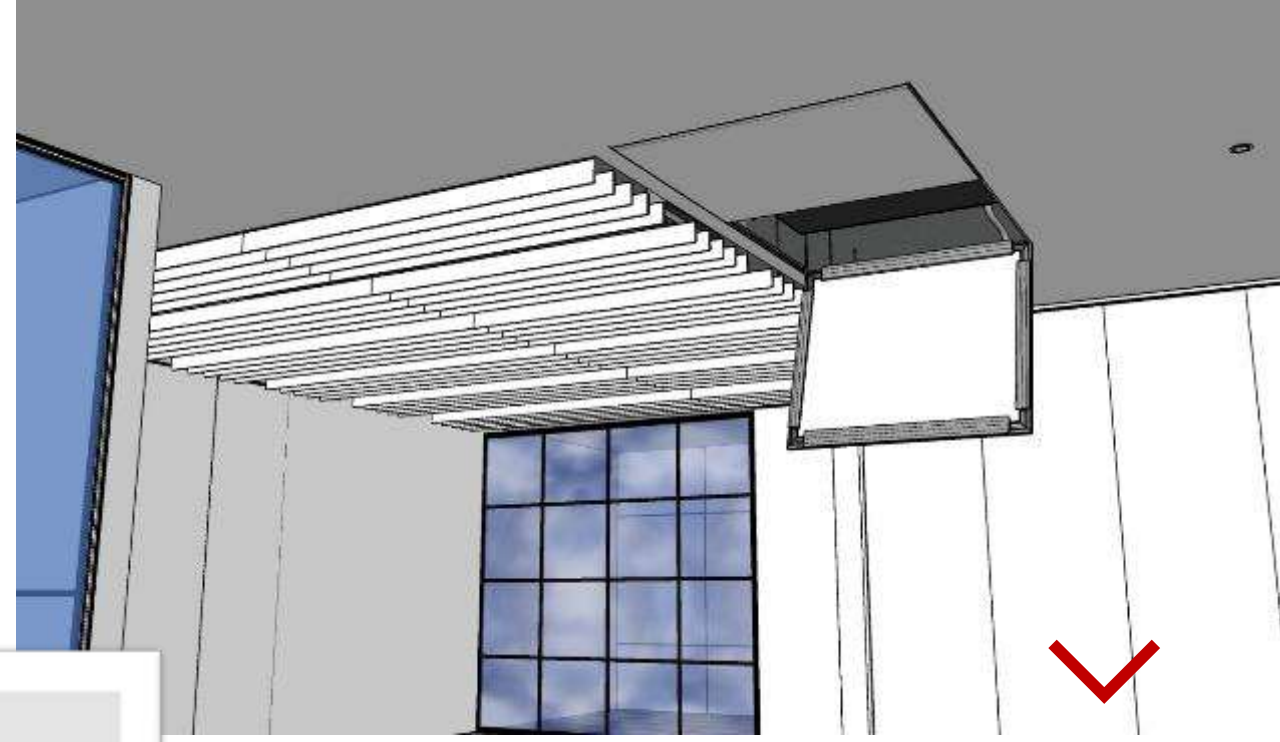

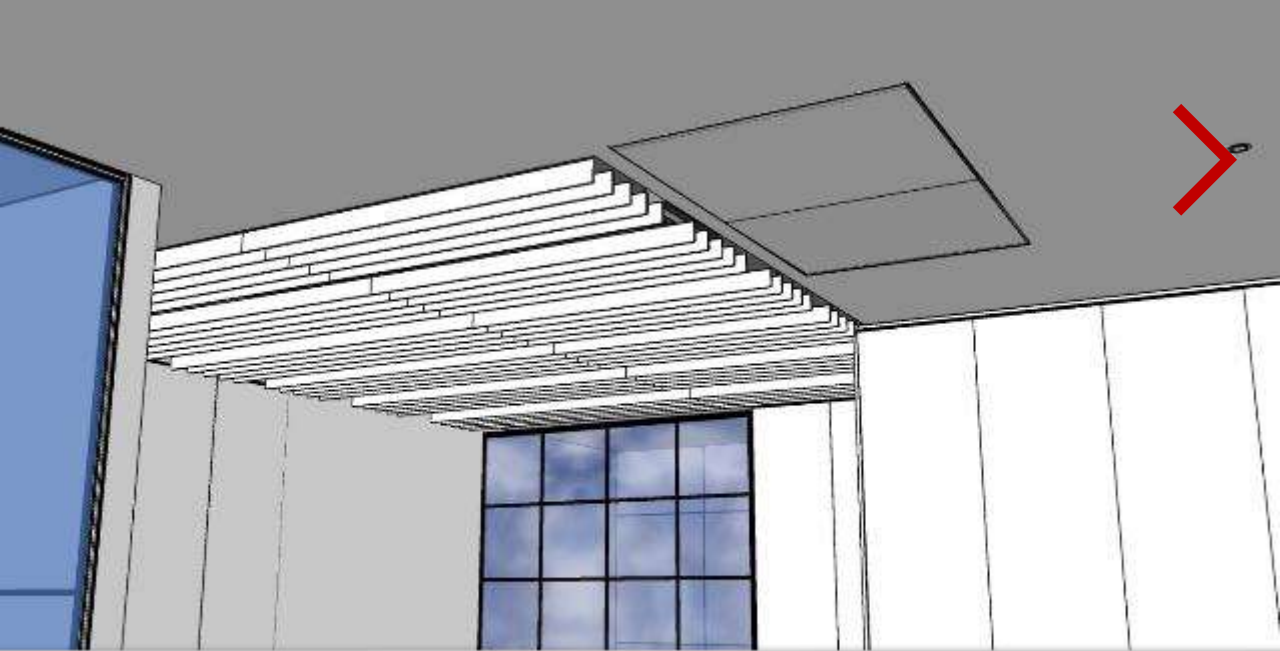

They have same finish as rest of ceiling and just a 2mm groove all around

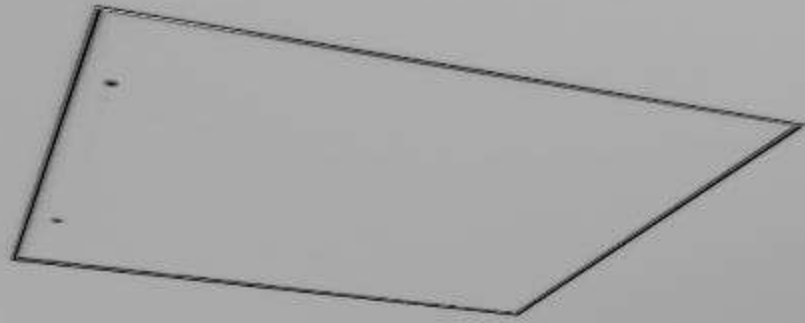

Fast installation

They are very simple and fast to install

Safe & strong

They are engineered not to bend or warp and the shutters cannot fall down due to inbuilt locking

Just 2mm groove visible all around the shutters and frame

CTD 24

view from above ceiling side

CTD 23

Gypsum / MR board / Calcium silicate / laminate / ACP finish in shutter

CTD 23

- ✓ CTD 23 model with visible flange frame and shutters has proprietary and very strong hinge

CTD 24

✓ **Laminate finish with groove pattern virtually hides the actual grooves of the trapdoor**

CTD 24

Multiple shutter CTD

- ✓ **Very big size of Ceiling trapdoor**
- ✓ **Can be made and delivered in any custom size in very low time frame**

“ IQUBX ceiling trapdoors available in any size as per your requirement, even in big sizes, are very strong, sturdy, safe and cost-effective”

Ideally suited for

- ✓ **Residential units**, usually for above ceiling HVAC units and geysers etc in toilets – sourced by owners of apartments, farmhouses, bungalows, villas, residential units in towers (also by developers)
- ✓ **Offices (including coworking spaces)**
- ✓ **Hotels**, in all rooms and common spaces
- ✓ **Colleges, Hospitals, airports ... any other interiors**

[Go to webpage](#)

Patent design

Unique solution for every project, can be provided in any shape and size, hinges & wire manager optional

Same floor finish

Lid design accommodates same floor finish like stone, tile, carpet, wood for beautiful interior

Safe strong hygienic

Lid design doesn't come loose like old fashioned ugly plates which can hurt. Prevents entry of dust & rodents

Can be retrofitted

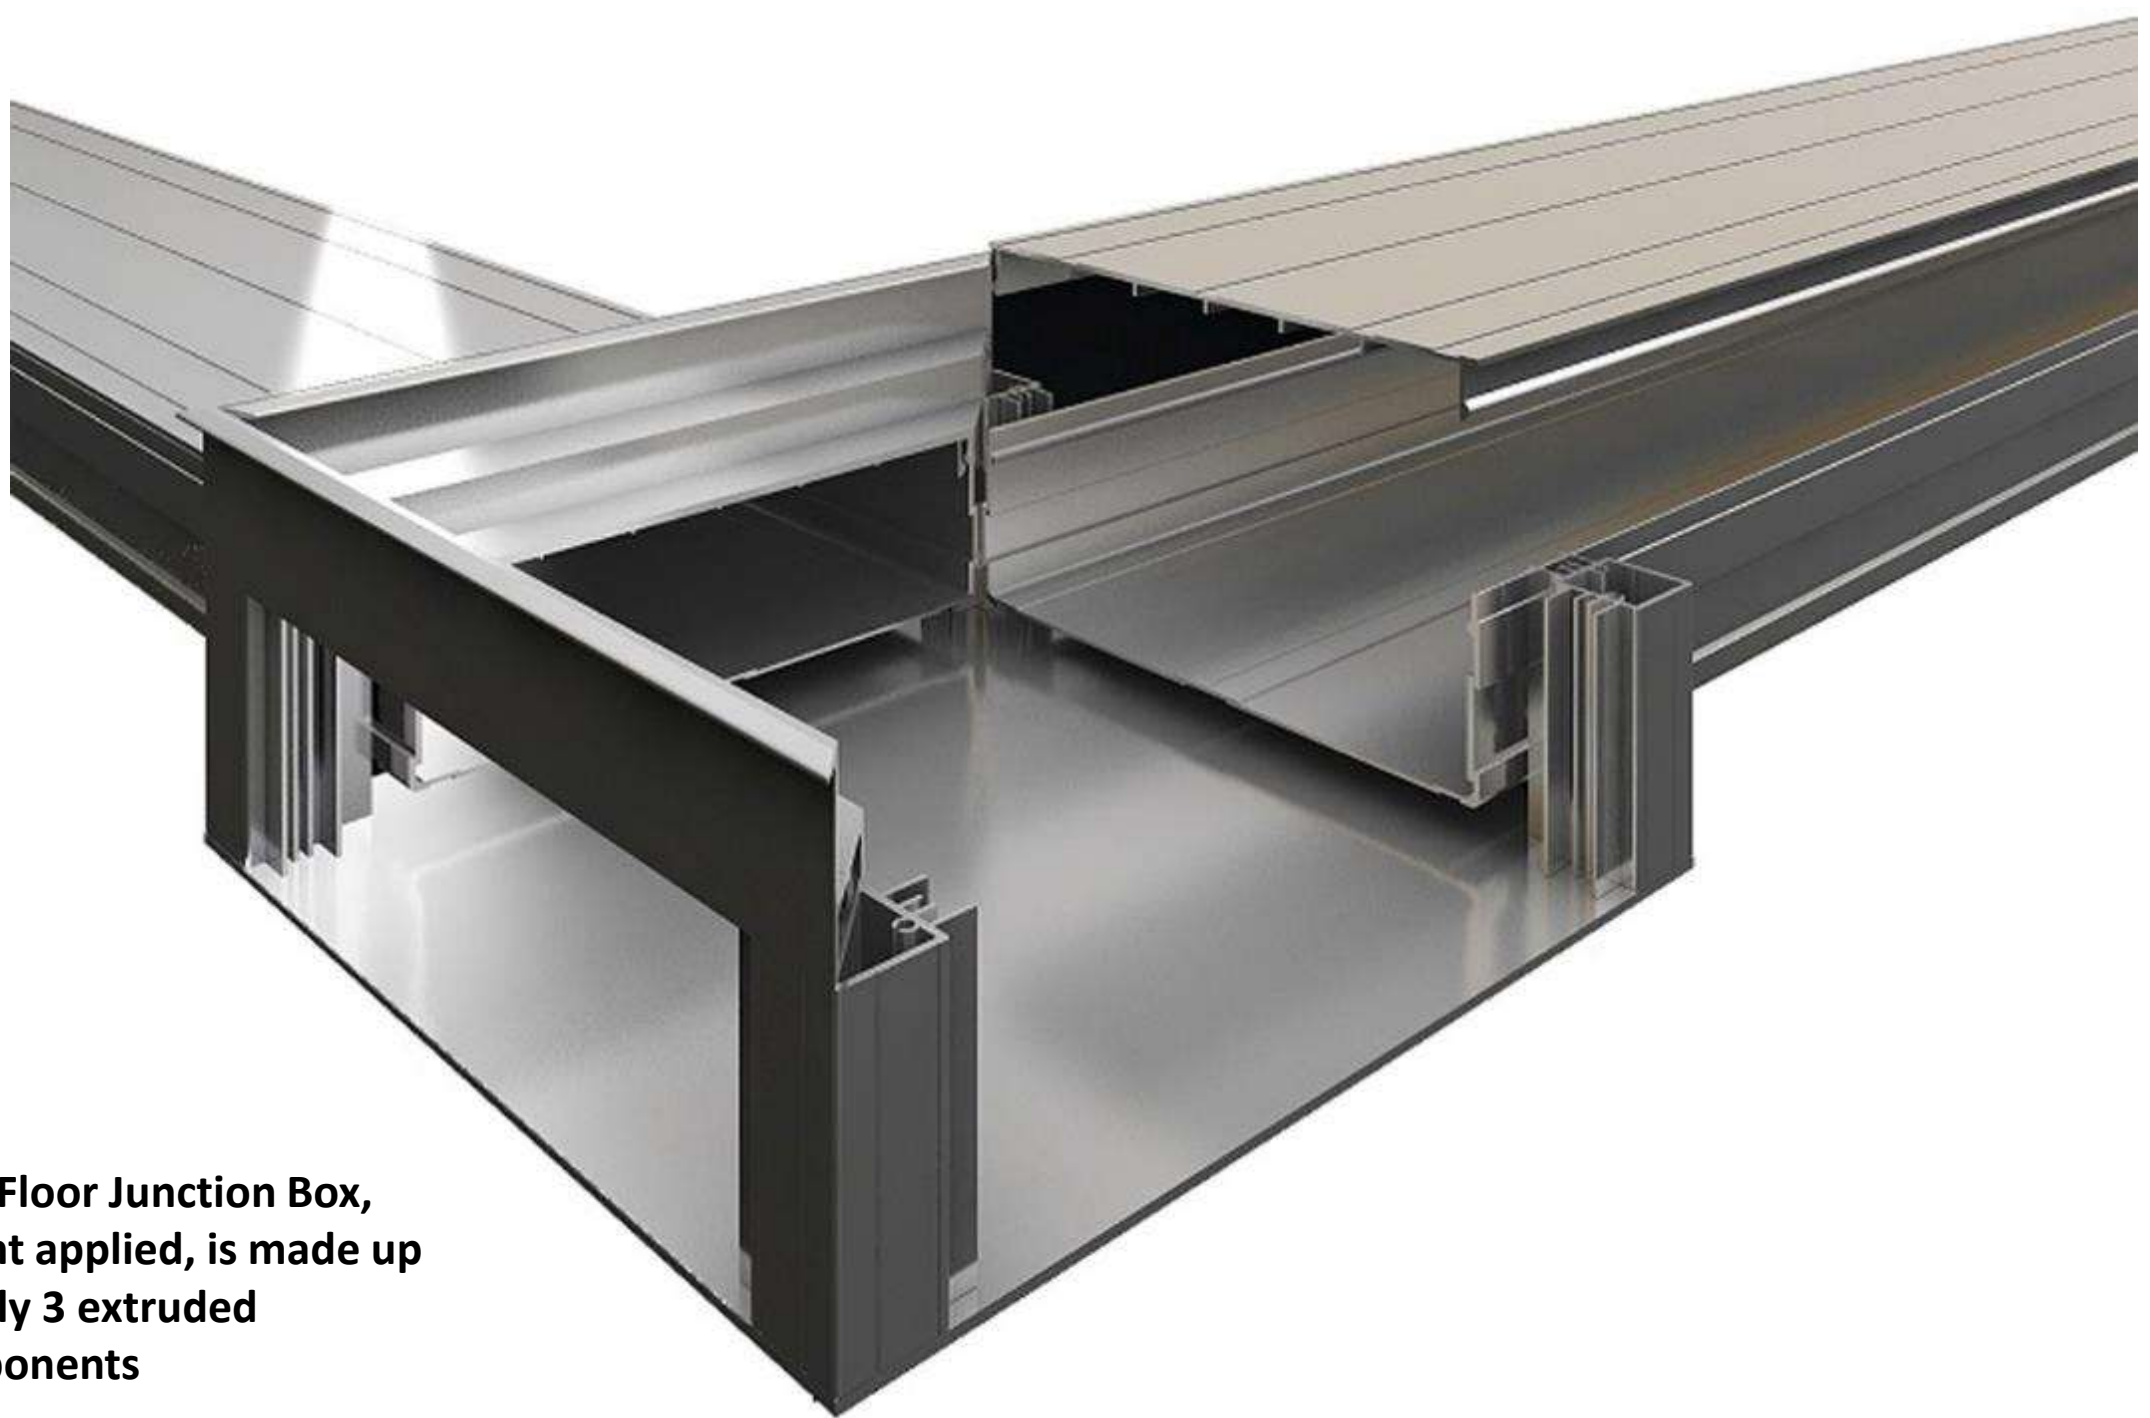

Can be retrofitted in old MS or GI floor junction boxes any time

WHY?

GI Floor Junction Box are not good enough !

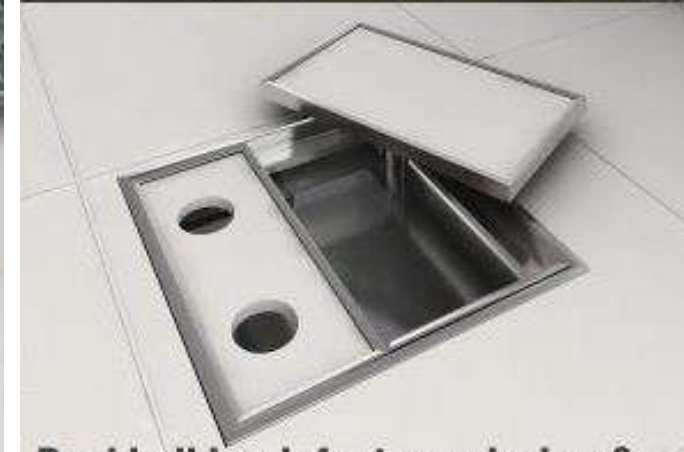

**JB22 Floor Junction Box,
patent applied, is made up
of only 3 extruded
components**

kota stone insert in JB022 lid

Double lid or infact any design & shape possible as per requirement

Seam less, clean, aesthetic flooring for a contemporary interior

Unobstructed floor finish with high load capacity, doesn't squeak or creak

**Recyclable
Green Building Material
Ideal for LEED Projects**

Lid in cavity doesn't come loose, thus, no entry of dust, mites, bugs, rodents which may damage the wires and cause disease

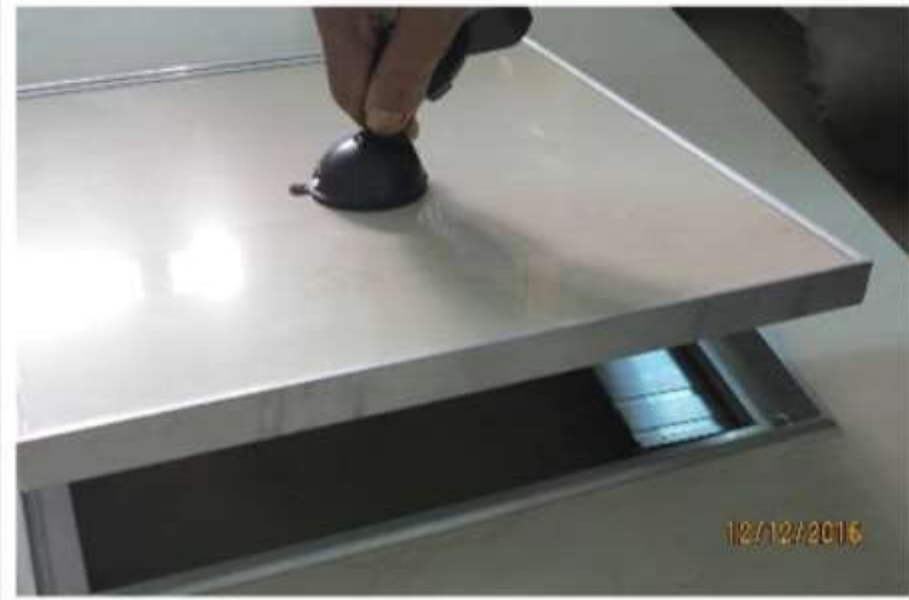

OVER HENRIE

**No loose covers means
no accidents
no tripping**

Most economical solution as no wastage and can be self fabricated on site

JB22 / 23 Floor Junction Box,
with wood plank, carpet and
tile embedded in lid

Modular design

FB01 is World's first multi bay modular design can be provided in any number of bays and any length.

FB02 can accommodate floor finish and is based on floor junction box JB23 with 95mm depth and can be made into any length in 1 or 2 bays

Thinnest design

FB01 is just 55 mm thin and can be installed in any floor finish

Can be retrofitted

Can be retrofitted in old floor boxes which break easily

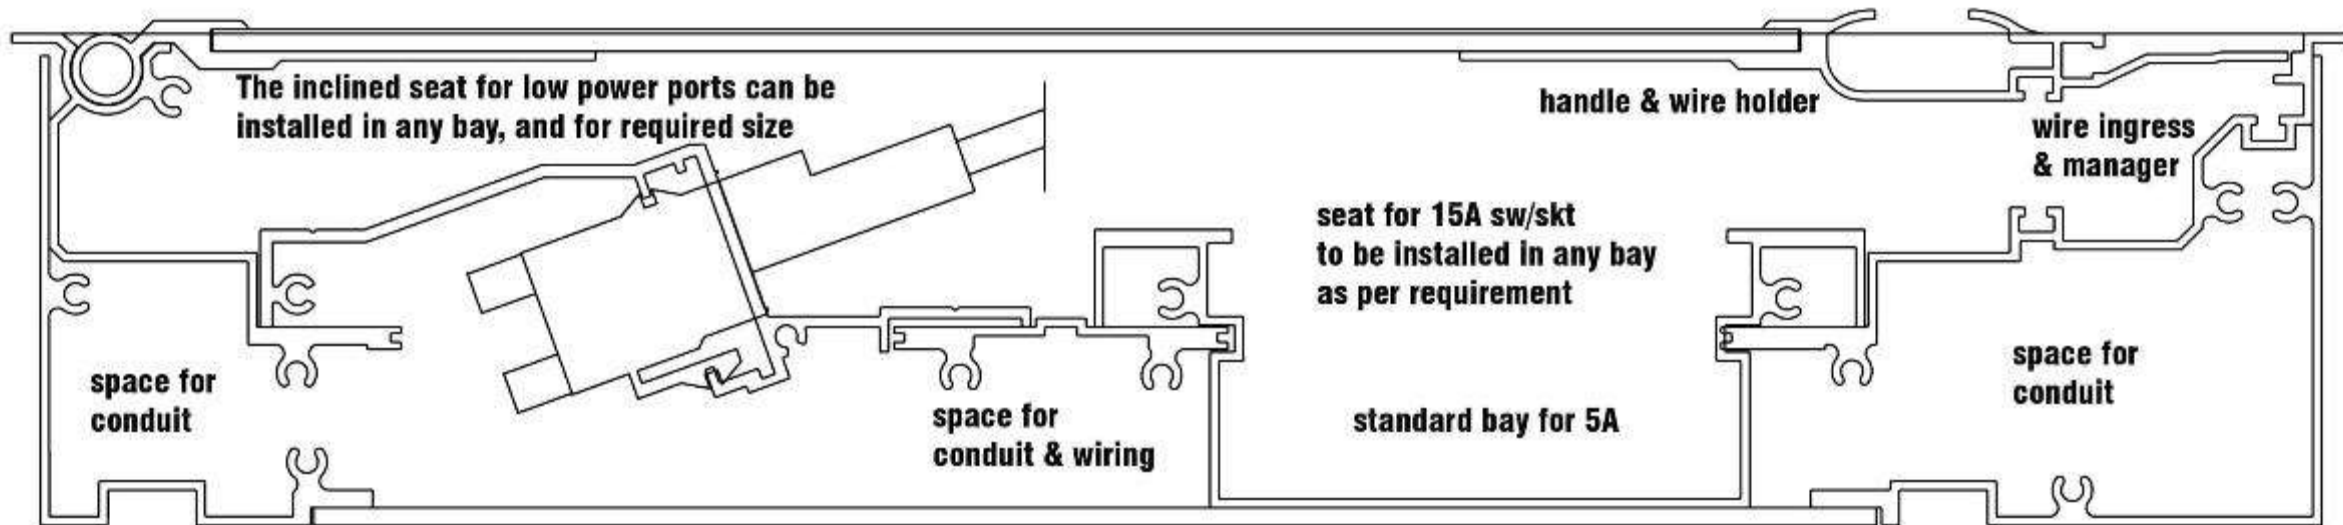

**IQUBX FB01
ELECTRICAL
FLOOR BOX OUTLET
55mm deep**

LV sockets are fixed in a specially designed module

IQUBX FB01 electrical floor box outlet - 2 bay section

unique two side wire manager with integrated handles for maximum ease of functionality

FB02

Lid can accommodate any finish upto 10mm like tile, carpet etc

The switch socket bay can be swivelled open for wiring

**IQUBX
GREEN CERTIFIED**

CABLE RACEWAY

RW011 150X45

Modular design

World's first professionally designed raceways which are stackable horizontally in multiples of 150 mm; designed to fit snug in substrate

Snap fit lid

Snap fit lid makes it easy to install, even exposed to floor finish, strong enough to carry good load

Can be retrofitted

Can be retrofitted in any interiors to carry cables across without complete floor dismantling

*To download brochure,
go to the webpage*

[Go to webpage](#)

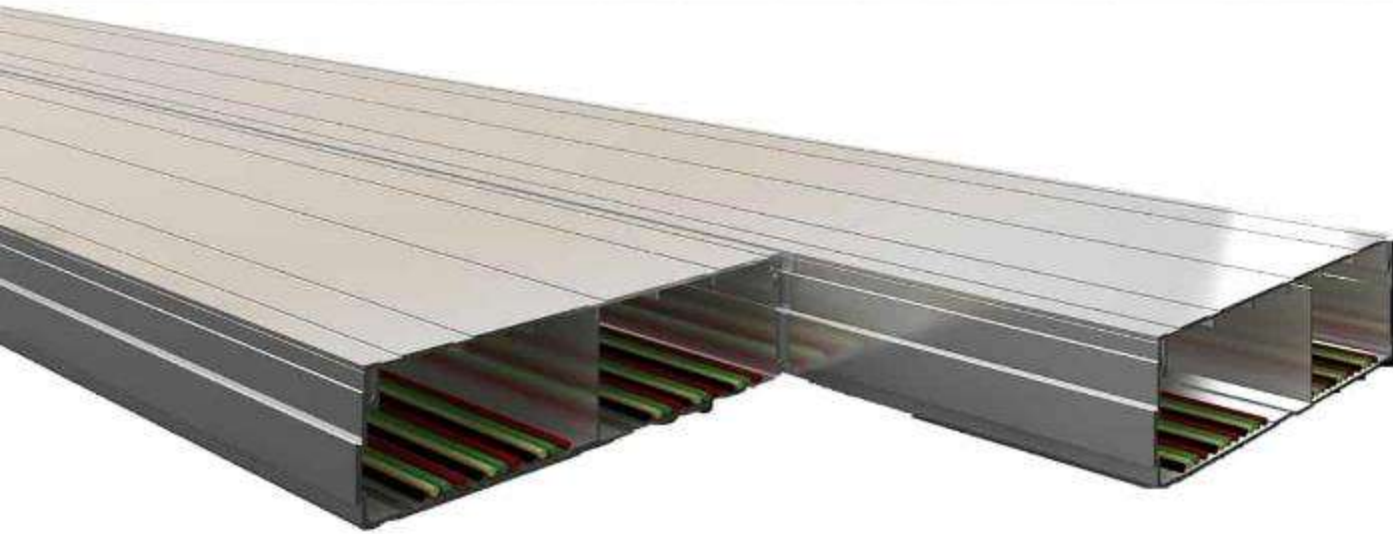

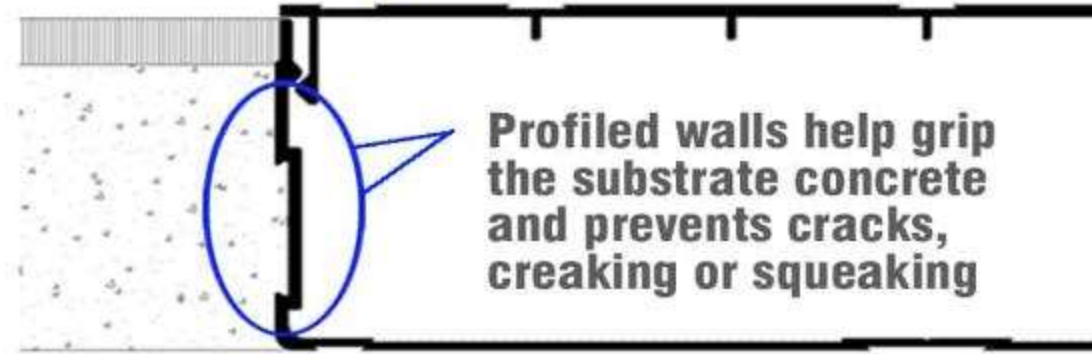

WHY IQUBX Floor Raceways for contemporary interiors?

Recyclable  **Green Building Material**
Ideal for LEED Projects

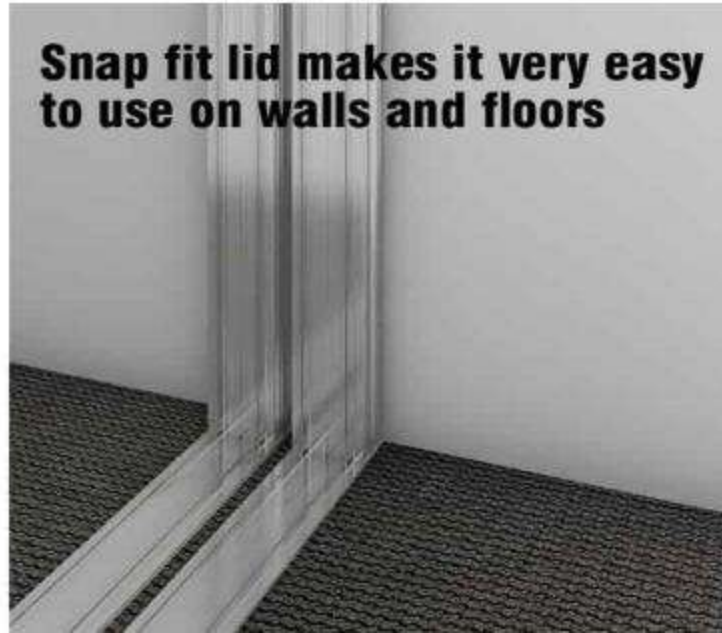

Extruded profile fins can take heavy load and does not allow lid to sag

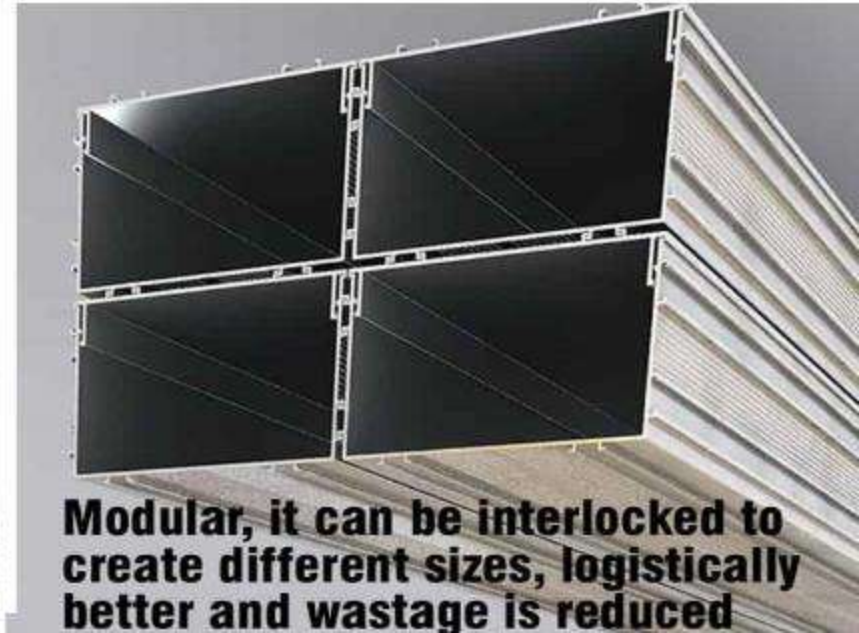

Profiled walls help grip the substrate concrete and prevents cracks, creaking or squeaking

Can be laid exposed on floors in office and commercial interiors with excellent finish and load bearing capacity

Snap fit lid makes it very easy to use on walls and floors

Modular, it can be interlocked to create different sizes, logistically better and wastage is reduced

trendy

Unique modular, stackable in multiple width, aluminium floor trunking cable raceway with snap-fit cover lid can take high loads without sagging.

For electrical & data wiring & cables

**EXPOSED in-floor
& on-floor Raceways**

for better wire management and contemporary aesthetics

Dear Amit, Thankyou for your time today, I really appreciate your concept, process, and products. I am sure we have a big market in the region. Looking forward to a fruitful collaboration. This is my e mail ID and will include my partner also in the next meeting and the mails.
jobykt@hotmail.com

Hi Amit,
As discussed we have used your IQUBX profiles for both the partitions and the workstation legs and find them to be of **good quality**, and allows us the versatility to **configure permutations and combinations of workstation layouts**. We are now planning to introduce these systems in to our catalogue range and offer it as a complete solution to our clients. We and look forward to and long and mutually beneficial working relationship with IQUBX.

Dear Sir,

We have got trap doors installed for our Centralised AC for our residential building in Gurugram, Haryana. The first point of contact was Mr. Sumit from IQUBX. We have got truly professional service from him. **The product quality is excellent and they deliver what they promised. The trap door is light weight and completely matched with our ceiling.**

Thanks IQUBX.

Regards,

Amit Sharma

Hi,

We, as a company are one of the leading Design and build commercial Interior fitout company. Furniture and fixtures are one of the most important elements in any and every project that we do. We came across Amit and Iqubx while searching for economical yet sustainable modular partitions solution for our project.

I say this with delight that Amit and team have done a splendid job in providing a perfect modular partition solution. The product is one of the best modular systems available in the market highlighting and covering the gaps in the existing systems.

I wish Amit and team all the very best for their future endeavours.

Keep shining!

Best regards,

Kunal Trehan

Business Head - Furniture division

IQUBX offers unique and green certified products for all interior solutions. Mr. Amit himself being an architect has recognised the gap between what's available in the market and what architects and interior designers actually need. All the products are highly customisable which is a boon for all designers. Mr. Amit puts in time and effort to understand project requirements and gives the best possible solutions which are structurally sound as well as aesthetically pleasing. This cannot be said about other Indian products available in the market. I look forward to working with him and his team in the future!

Sincerely,

Shweta Shah

i had been looking for the clean, international look for my aluminum and glass partitions but could not seem to get proper solutions even after trying multiple markets and vendors, till i reached out to iqubx.. their sections are sleek and unconventional, their push fit beadings click effortlessly in place and generate a crisp, clean, minimalistic mies van der rohe kind of corporate look in my office interiors.
